Petitioner hereby agrees that any patent so granted on this application shall be enforceable only for and during such period that the legal title to such patent shall be the same as the legal title to U.S. Patent No. 6,260,088. This Agreement runs with any patent granted on this application and is binding on the grantee, its successors or assigns.

In making this disclaimer, petitioner does not disclaim the terminal part of any patent granted on this application that would extend beyond the expiration of the full statutory term as defined in 35 U.S.C. 154 to 156 and 173 of U.S. Patent No. 6,260,088, as presently shortened by any terminal disclaimers, in the event that the such patents later: expire for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims cancelled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.
